Vaccine Information Statements

Thank you for attending the Weber-Morgan Health Department Flu Drive-Thru Clinic. For your safety and the safety of others, please remain in your car and follow signs and those directing traffic. It is recommended that everyone over the age of 6 months receive an annual influenza vaccine to prevent illness and hospitalizations. Tdap and Pneumococcal vaccines will also be offered to adults. It is recommended that everyone receive a Tdap or Td booster every 10 years. Pneumococcal vaccine is recommended for all adults age 65 and older, and for some individuals younger than 65 with certain medical conditions.

- **Fill out both sides of this form.**
- **Please read the Vaccine Information Statements,** which can be accessed by scanning the QR code above.
