Reduce Your Risk of Coronavirus

Clean
your hands with soap and water or alcohol-based sanitizer

Avoid
close contact with anyone who has flu-like symptoms

Cover
your mouth and nose when coughing or sneezing. Use a tissue or into your upper sleeve, not your hands

If you develop a cough, fever, or difficulty breathing and have been exposed to someone with COVID-19 or have been to an area with ongoing spread of COVID-19, contact your healthcare provider. Call ahead to let your healthcare provider know about your symptoms and exposure.
