- 1) *This section shall not impair or diminish the right of an individual to be accompanied by an animal where otherwise permitted by law, including but not limited to the rights of people with disabilities using guide, hearing or service animals. \_\_\_\_\_*
- 2) *A dog may not be allowed within ten (10) feet of any entrance to an interior area of the food establishment, except as necessary to enter or exit the patio. \_\_\_\_\_*
- 3) *A patio must be constructed of smooth, durable, non-absorbent, cleanable material. Grass, gravel or dirt are not acceptable materials. \_\_\_\_\_*
- 4) *A dog must be kept on a leash and remain in the control of the patron while on the outdoor patio. \_\_\_\_\_*
- 5) *Signs must be posted at the entrance of the food establishment and entrance to the patio, notifying patrons that dogs may be on the premises. The signs must state: "NOTICE to patrons, dogs may be on the premises but are restricted to the outdoor patio. Owners are responsible for keeping their animal under control at all times." \_\_\_\_\_*
- 6) *Tables that allow patrons with dogs cannot be placed within 10 feet of any door leading into the restaurant. \_\_\_\_\_*
- 7) *No food preparation, including mixing drinks or service ice, may be performed in the outdoor patio area, except that a beverage glass may be filled on the patio from a pitcher or other container that has been filled or otherwise prepared and kept inside the food establishment. \_\_\_\_\_*
- 8) *The outdoor patio must be continuously maintained free of visible dog hair, dog dander, and other dog-related wastes or debris. The outdoor patio must be cleaned at the end of each shift, or every six hours if there are no designated shifts, when a dog has been present during that time. Waste water generated by cleaning the patio area must be properly disposed of in the sanitary sewer and not washed where it can enter the storm drain. \_\_\_\_\_*
- 9) *Waste produced from a dog's bodily functions must be cleaned up immediately. Restaurant staff will provide the patron with the necessary tools, containers, and sanitizer to clean up the waste. Patrons will dispose of all waste in the appropriate area determined by the restaurant through the variance review. \_\_\_\_\_*

- 14) *A dog may not be given any food (including, but not limited to, dog kibble, biscuits, and edible treats) while in the outdoor patio area, but may be given water in a disposable container. \_\_\_\_\_*
- 15) *If a dog shows any kind of aggression or unruly behavior that threatens the health/safety of other patrons or staff, the patron dog owner must remove the dog immediately. \_\_\_\_\_*
- 16) *The responsibility for management and control of dogs on the food premises resides between the food establishment management/ownership and the patron dog owner. Violations of the variance rules will be addressed with the establishment, not the individual dog owners. \_\_\_\_\_*
- 17) *Compliance with other Restrictions. The applicant must demonstrate how the establishment will comply with any other local ordinances or restrictions prohibiting dogs in or about any establishment or place of business where food is sold, displayed or served, including food establishments. \_\_\_\_\_*
- 18) *Inspections. Food establishments who obtain a variance will be inspected separate of the establishment food permit. These inspections will be conducted one time during the calendar year and are required as part of the variance approval. Owners/manager will be given copies of the report when the inspection is complete. \_\_\_\_\_*
