Application for Intermittent Food Establishment Permit

Permit is valid from January 1 to December 31 for the current calendar year.

The permit fee is not refundable and the permit is non transferable.

The fee is \$100 for non-potentially hazardous foods such as popcorn, nuts, churros. (Risk 1)
 The fee is \$200 for heat & serve foods that require temperature control such as hot dogs, tortilla chips with cheese sauce, pre-made pepperoni or cheese pizza. (Risk 2)

Fee Due: _____ Fee Paid: _____ **Risk Level:** _____

Application Date: _____ Food Booth Name: _____
 Event Name: _____ Event date(s): _____
 Hours of Booth Operation (including setup): _____
 Event Location: _____
 Event Coordinator: _____ Coordinator's contact number: _____

Permit Holder's (Applicant's) Name: _____ Phone Number: _____
 Mailing Address: _____
 Person(s) in Charge of Booth: _____
 Person(s) with current food handler permit: _____
 Where was permit obtained: _____ Expiration date of permit: _____
NOTE: One person with a current food handler permit must be present at the booth at all times

Have you ever set up and served food at a temporary event in Weber or Morgan County before? Yes No

- 1. All food must come from an approved source.** List food items to be served from this booth. An Intermittent Food Establishment permit is restricted to low-risk, non-potentially hazardous or heat and serve foods only. **Any change from this menu may require the purchase of a temporary food establishment permit.**

Note: A maximum of three (3) food items is allowed to be prepared in the booth. (Examples include kettle corn, popcorn, nuts, churros, hot dogs, tortilla chips with cheese sauce, fountain drinks with ice, pre-made pepperoni or cheese pizza.)

1.	2.	3.
----	----	----

Yes No Commercially pre-packaged and individual sized potato chips, candy, bottled water, or bottled/canned sodas will also be for sale in the booth. If yes, please list the types of commercially packaged foods that will be available:

2. Food prepared or stored in a private home or unlicensed kitchen CANNOT be served to the public.

Food will be prepared (you may check both boxes):

- In advance at a licensed kitchen
Name of facility: _____ Contact person at facility: _____
Address of facility: _____
Phone number of facility: _____
Date and time that food will be prepared at facility: _____
How will food be transported to event? _____
What amount of time will be required for food transportation? _____
What means of temperature control will be used during transport? _____
- On-site at event
What preparation and cooking equipment will be used? _____

Preparation of foods using multiple step or complex processes (i.e. de-boning or shredding of meats, extensive vegetable preparation, cutting, etc.) may be allowed only if additional requirements can be met or are prepared in advance at a licensed facility.

Leftover potentially hazardous foods can not be saved and served the next day at a temporary food event. Leftover food must be discarded at the end of each event day.

3. Potentially hazardous foods must be maintained under proper temperature control at all times during transportation to the event and during operation of the booth. Food(s) found to be out of temperature will be subject to immediate disposal.

- What equipment will be used to reheat food to 165 F or higher? _____
- What equipment will be used to maintain hot food at 135 F or higher? _____
- What equipment will be used to keep food at 41 F or lower? _____
- What equipment will be used to ensure proper cooking, hot holding and cold holding temperatures are met? _____

4. A hand washing station must be set up prior to beginning any food preparations. Lack of a complete hand washing station will result in immediate closure of booth. Sharing of hand washing stations with another booth is not allowed. NOTE: A complete hand washing station requires the following: a 5 gallon (or larger) container of water with a continuous flow spigot (no push buttons allowed), soap, paper towels and a catch bucket that are conveniently located for easy use. (Refer to example on page 5).

Describe the number, location and set up of hand washing facilities to be used: _____

5. No bare hand contact with ready-to-eat foods is allowed (i.e. touching hamburger/hotdog buns, cheese, lettuce or other foods that are not going to be thoroughly cooked).

Will gloves, tongs or other means be made available for food workers? _____
Describe: _____

6. Cross Contamination

Will food workers handling raw meat products also be handling/assembling ready to eat foods? YES NO
How will cross contamination of ready to eat foods be prevented? _____

7. Food Protection

- **Condiments and other foods presented for customer self service must be properly covered during display to protect from insects, dust, sneezing and other forms of contamination.**
- **Single service items (cups, plates, utensils, etc.) must be stored at least 6 inches off the ground and covered to avoid contamination.**
- **All food must be stored at least 6 inches off the ground.**
- **Toxic chemicals must be stored away from food and single service items.**

8. All food preparation surfaces must be sanitized prior to food preparation and during operation as needed to prevent cross contamination.

How will food preparation and service surfaces be sanitized? _____

9. Washing of equipment and utensils must be done in a four step process:

Step #1, wash in hot soapy water

Step #2, rinse in hot water

Step #3, sanitize with an approved sanitizer (use a sanitizer check strip for proper concentration)

Step #4, then allow dishes to air dry - do not towel dry dishes

Describe the number, location and set up of utensil washing facilities to be used:

10. Water must be from an approved source. Connecting to an approved water system must be made through a food-grade hose. A garden hose is NOT acceptable.

Where will potable water for hand washing, utensil washing and other activities be obtained? _____

11. Wastewater must be collected and disposed of in a sanitary sewer, it cannot be disposed of on the ground or in storm drains/gutters.

Where will you dispose of wastewater? _____

12. Solid waste must be disposed of properly.

How will you dispose of your garbage? _____

13. Health and Hygiene

- **Only authorized food workers may be in the booth.** During the event, people unnecessary to booth operation are not permitted to be in the booth; including babies, animals and others not involved in food preparation or service.
- **Only healthy workers shall prepare and serve food.** Workers displaying signs of illness or open wounds or sores shall not be in the food preparation or service area(s).
- **Workers must wear clean clothes and shoes.**
- **Workers must have proper hair restraints.** All booth attendants (unless completely bald) must wear hair restraints consisting of hats, hairnets, scarves or other means of head coverage. Persons with long hair must also confine hair by pulling it back off of the shoulders.
- **Smoking, eating or drinking in the booths while working is not allowed.**

14. Booth Construction: Design your booth with food safety in mind. Your booth must have an overhead cover and be designed in such a way that the food is protected from the natural elements and so that unauthorized individuals cannot enter the booth. Floors and additional protection may be required by the Department if deemed necessary.

15. The following conditions will warrant immediate closure of a temporary event booth:

- **Lack of a current event permit**
- **Lack of a complete hand washing station (sharing with another booth is not allowed)**

- **Service of foods prepared at or brought from home or unregulated facility**
- **Lack of equipment or capacity to hold potentially hazardous foods at required temperatures (Foods not held at appropriate temperatures are subject to immediate disposal).**
- **Critical violations and/or imminent health hazards**

I (the applicant) understand that my booth is subject to immediate closure if any of the above conditions exist while operating a temporary food establishment:

Signature: _____, Date: _____

I (the applicant) am aware that this application does not authorize conducting a business until final approval is given by this Department. A person shall not operate a temporary food establishment within Weber or Morgan Counties without a valid permit issued by the Weber-Morgan Health Department. Permits are not transferable to another individual, business or location. Permit fees are not refundable. I understand that a permit issued by the Department must be posted during the operation of the business in order to be valid.

Signature: _____, Date: _____

I (the applicant) agree that all food handlers (partners, employees, volunteers and other persons associated with the booth) shall comply with these and other items deemed necessary by the Department or Department representative. I am aware that temporary event food permits are issued with the understanding that all above procedures will be followed as outlined in the application and that retention of the permit is contingent upon satisfactory compliance with the requirements outlined. I understand that temporary event food permits and food handler permits issued by Weber-Morgan Health Department remain property of the Department and may be revoked.

Signature: _____, Date: _____

Approval: _____, Date: _____ Permit Restrictions: _____ _____

Disapproval: _____, Date: _____ Reason(s) for disapproval: _____ _____
--

Hand Washing and the Hand Wash Station

All workers must wash their hands:

- before any food preparation begins
- after using the restroom
- after smoking, using tobacco, eating, handling garbage, animals or children
- after touching bare human body parts other than clean hands
- after coughing, sneezing, using handkerchief or tissues
- after handling soiled equipment or utensils
- when switching between working with raw food and ready-to-eat food
- during food preparation, as necessary, to remove soil and contamination
- after engaging in other activities that contaminate the hands

One or more hand washing station(s) are required in the food preparation area of each event booth. A permanently plumbed sink is not needed for temporary events, but at minimum there must be:

- A. Flowing water from a container with a handled spigot that allows continuous flow until manually turned off (a push button is not allowed).
- B. A catch bucket or basin for waste water.
- C. Soap
- D. Paper (disposable towels)

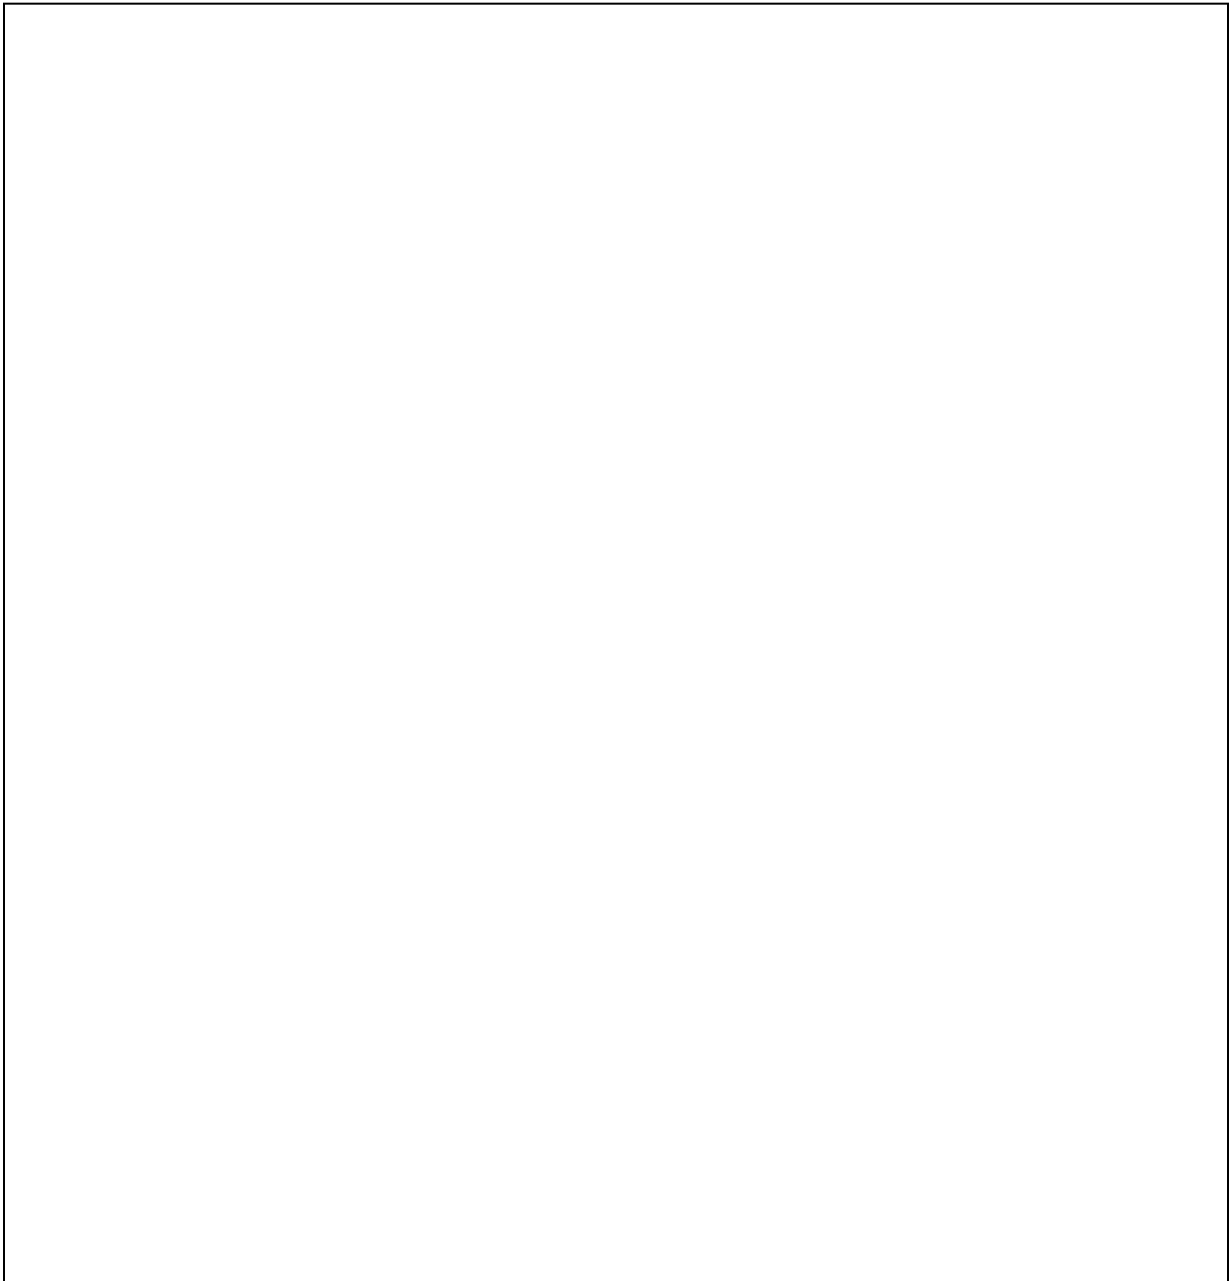

There should be enough water available for the day's needs without running out - 5 gallons minimum.

An establishment will be subject to immediate closure if a hand washing station is not set up and operational PRIOR to beginning food handling and preparation. Sharing hand washing stations with another booth is not allowed.

Food Booth Layout Sketch Sheet - Provide a drawing of the layout of your food booth.

Identify and describe all equipment including:

- **location of customer service area**
- **location of work tables**
- **type and location of equipment for cooking, hot holding and cold holding**
- **location of all hand washing stations**
- **location of dishwashing facilities**
- **type and location of food and single service storage**
- **location of garbage storage**

A large, empty rectangular box with a thin black border, intended for the student to draw their food booth layout. The box occupies the lower two-thirds of the page.
